# The New Heart of Jebel Ali

WASL GATE

BOULEVARD PARK

Jebel Ali is evolving, from Dubai's industrial port to a thriving urban hub that reflects the city's next phase of growth. At its core lies Wasl Gate, a freehold master development redefining what integrated city living can look like.

Designed as a mixed-use urban ecosystem, Wasl Gate brings together homes, offices, retail, hospitality and leisure into one interconnected masterplan. It's a place where people can live, work and unwind within walking distance, where green spaces, cultural touchpoints and lifestyle amenities are woven seamlessly into daily life.

A wide-angle photograph of a modern urban park. In the background, several tall, modern residential buildings with light-colored facades and balconies are visible. The park itself is lush with green grass, various trees, and flowering shrubs. People are seen walking, sitting on the grass, and playing. A paved walkway leads through the park. The sky is clear and blue.

# Where the Park and Boulevard Meet

Framed by the central park and the main boulevard, Boulevard Park is the new pulse of Wasl Gate. Its name captures its essence: a place where urban life and natural balance coexist.

Here, architecture meets open space. Streets are animated with retail and dining, homes overlook lush landscapes and every path leads toward movement, community and balance.

Boulevard Park isn't just surrounded by life, it's immersed in it. From mornings in the park to evenings along the boulevard, every moment unfolds within reach.

It's not simply a place to live, but Dubai's next urban destination, where connection, comfort and contemporary city living meet.

of It All

WASL GATE

BOULEVARD PARK

Boulevard Park occupies the most central pocket within Wasl Gate, framed by the 64,000 sqm central park on one side and a 710-metre retail boulevard on the other.

This rare dual-front setting between park and boulevard, defines Boulevard Park's identity: urban convenience and pedestrian-friendly.

It offers a lifestyle that balances access, calm and everyday ease:

**Metro**  
Direct access to Energy Metro Station (Red Line) within walking distance.

**Road**  
Immediate frontage on Sheikh Zayed Road for seamless citywide connectivity.

**Airports**  
25 minutes to Al Maktoum International Airport, 35 minutes to Dubai International Airport.

**Places of Worship**  
Convenient access to a mosque, church and temple within the surrounding community.

**Mall**  
Adjacent to Festival Plaza Mall — home to IKEA, ACE, Lulu, M&S and more.

**Beach**  
Around 15 minutes to Dubai Marina and JBR.

Fully equipped fitness and leisure facilities, including a gym, pool and changing rooms in every building

Architecture  
That Frames Life

WASL GATE

BOULEVARD PARK

Boulevard Park's architecture is a study in balance and proportion.

The design language emphasizes verticality across a collection of architecturally refined residential towers, creating elegant silhouettes that elevate the skyline while maintaining a distinctly human scale.

Podiums serve as a connective base, housing shared courtyards, amenities and landscaped terraces.

Façades are composed with primary and secondary grid layers, ensuring visual movement through texture, depth and light.

The result is a design that feels unified from every angle, flowing naturally from the busy boulevard to the quiet park edge.
